The Covid-19 pandemic has caused many changes to our daily lives, and we are no exception. We're proud of Orleans Court and our safety record over the years, due in no small part to diligence on the part of our residents. We hope that diligence will continue.

To that end, we want to let you know that the Orleans Court courtyard and pool will be open for Memorial Day, with certain restrictions. We have been in touch with the Worcester County Department of Health for guidance. Our pool area comes under Worcester County's classification as a "semi-public" swimming pool, so that, as well as Governor Hogan's Executive Order, is the guidance we are following. The following rules will be in place for the Orleans Court pools. Should a staff member of Resorts to Us (our pool maintenance contractor) or a member of the Orleans Court Board of Directors observe that any pool rules are not being followed (including the pool rules published on our website at www.OrleansCourtOC.org), the offending parties may be asked to leave and/or the pools may be shut down. We simply cannot risk a health department citation if these rules are not followed. And, of course, our Orleans Court Pool Rules must be followed, including not allowing diapers in the pool or glass in the pool/courtyard areas.

- 1. Orleans Court residents must wash their hands in their own units before coming to the pool area. Residents must not enter the pool or courtyard areas if they are sick. All residents must shower before entering the pool**
- 2. Pool hours have been shortened to times between 10:00am and 8:00pm**
- 3. Only 10 or fewer people may be in either pool at one time. Swim times will be limited to one hour if other residents are waiting to use the pool**
- 4. The pool gate near the west building and the gate between the adult pool and the kiddie pool will be locked. Residents must enter the pool area from the main gate in the courtyard to sign in and out**
- 5. We will track pool capacity using a sign in/sign out log at each pool entrance. This information may also be used for virus contact tracing by the Health Department. The log will require your full name, unit number, time in and time out, as well as any additional information required by the Worcester County Health Department**
- 6. Physical distancing will be enforced in and out of the pool so that non-household members maintain 6' distances, including those waiting to use the pool**

- 7. Face coverings must be worn when interacting with individuals not from their
Masks should not be worn in the water**
- 8. Our pool maintenance contractor, Resorts to Us, will clean the pool area daily;
the pool may be temporarily closed while the cleaning occurs**
- 9. People in the pool are discouraged from sharing pool equipment such as
goggles, nose clips, snorkels, kickboards, noodles, or toys to the extent
possible**
- 10. People in the courtyard are discouraged from sharing food, towels, and
supplies**

These rules/policies are being strictly enforced by the Worcester County Health Department and are subject to change. Please note that if adhering to these new governing rules and regulations becomes too difficult or costly to the association, the pool will be closed until the current restrictions are lifted.

Thank you all for helping to keep Orleans Court a safe environment for our families and friends.
